

Ponheary Ly Foundation (PLF)

Support Chess Clubs for One Year: \$800

Chess education at one location for one year: \$800

PLF believes in the value of dedicated chess teams for students over age 12. These students routinely perform above their peers in math, science and other subjects requiring complexity of thought.

PLF supports four chess teams at different locations. These students play chess five hours per week, preparing for an annual tournament.
