

# Ponheary Ly Foundation (PLF)

**Provide Rice for Two Food Banks: \$3,000**

**Rice for 25 families for one year: \$3,000**

PLF runs two rural food banks for high school students who would have to leave school for a low paying job without the support of a food ration every month.

This program has not only kept these children in school but has stopped the practice of caregivers turning children over to orphanages while their parents are away, working in Thailand for a year or more at a time.

These two food banks support 25 families with 6,000 kg of rice each year.
